

# CANADIAN SOCIALS & ENGLISH FOR BRITISH COLUMBIA STUDENTS

The Mitchell Made Courses have a quality literature base and are designed from a Biblical perspective to meet the modernized BC curriculum standards. All courses in this series can be used multi-grade as activities can be adjusted for various ages. Students will experience all 3 core competencies throughout each prepared course: communication, thinking, and personal/social skills. These courses are particularly suited to British Columbia requirements. The books in the bundles are necessary for completion of the courses.

Kindergarten
